## Statement of Requirement for Disclosure and Barring Service

### Disclosure of Criminal Convictions – DBS check

As this post involves working with children/vulnerable adults it is subject to a criminal record check.

#### Candidates

The candidate will be asked to complete and sign a Disclosure Application Form and provide evidence of identification. The Disclosure Form will be checked under the procedures of the Criminal Records Bureau and you will be issued with a copy of a certificate advising of the outcome.

#### Code of Practice on the use of disclosure information

The Code of Practice is intended to ensure that the information released will be used fairly and to ensure that sensitive personal information is handled and stored appropriately. If the Disclosure reveals a criminal history, where appropriate it will be discussed with the candidate before an appointment decision is made, but the fact that a person has a criminal record does not automatically render him or her unsuitable for work with children/vulnerable adults. A person's suitability will be looked at as a whole in the light of all the information available.

#### GDPR (General Data Protection Regulation)

Due to the changes within data protection giving people back control of their personal data we need to ensure you have read and understand the privacy policy concerned.

Before we can process your DBS you will need to have read the privacy policy via the link below

<https://www.gov.uk/government/publications/dbs-privacy-policies>.

I have read the Standard/Enhanced check Privacy Policy for applicants and I understand how DBS will process my personal data and the options available to me for submitting my application.
